

Course support

Most of you will need help at some point and we want to make sure you can identify when that is without getting too frustrated and feel comfortable seeking help.

Lectures and labs

If you have a question during lecture or lab, feel free to ask it! There are likely other students with the same question, so by asking you will create a learning opportunity for everyone.

Office hours

The teaching team is here to help you be successful in the course. You are encouraged to attend office hours during the times posted on the home page to ask questions about the course content and assignments. A lot of questions are most effectively answered in-person, so office hours are a valuable resource. I encourage each and every one of you to take advantage of this resource! Make a pledge to stop by office hours at least once during the first three weeks of class. If you truly have no questions to ask, just stop by and say hi and introduce yourself. You can find a list of everyone's office hours [here](#).

Discussion Board

Have a question that can't wait for office hours? Prefer to write out your question in detail rather than asking in person? The course Discussion Board on Canvas is the best venue for these! There is a chance another student has already asked a similar question, so please check the other posts before asking a new question. If you know the answer to a question that is posted, I encourage you to respond!

Email

Please refrain from emailing any course content questions (those should go to discussion board), and only use email for questions about personal matters that may not be appropriate for the public course forum (e.g., illness, accommodations, etc.). For such matters, you may email Kat Husar at kat.husar@duke.edu.

If there is a question that's not appropriate for the public forum, you are welcome to email me directly. **If you email me, please include "STA 101" in the subject line.** Barring extenuating circumstances, I will respond to STA 101 emails within 24 hours Monday - Friday. Response time may be slower for emails sent Friday evening - Sunday.

Academic support

There are times you may need help with the class that is beyond what can be provided by the teaching team. In those instances, I encourage you to visit the Academic Resource Center. The [Academic Resource Center \(ARC\)](#) offers free services to all students during their undergraduate careers at Duke. Services include Learning Consultations, Peer Tutoring and Study Groups, ADHD/LD Coaching, Outreach Workshops, and more. Because learning is a process unique to every individual, they work with each student to discover and develop their own academic strategy for success at Duke. Contact the ARC to schedule an appointment. Undergraduates in any year, studying any discipline can benefit! Contact ARC@duke.edu, 919-684-5917.
